

Hydra Super Microfibre Floorcloth - 54 x 25 cm - grey

GENERAL

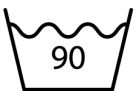

High-quality structured microfibre floorcloth for Hydra floor squeegee.

- Effective and fast cleaning thanks to high-quality microfibre.
- Also suitable for dusting.
- Waffle structure for extra absorbency.
- Sturdy edge finish prevents shrinking of the microfibre floorcloth.
- Low washwater volume compared to standard mops.

USAGE

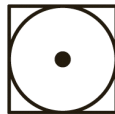

1. Before first use, wash the floorcloth once in the washing machine.
2. Impregnate the Hydra floorcloth: Use a maximum of 150 ml water per floorcloth. For 5 floorcloths, use a maximum of 750 ml water. Place half of the floorcloths in a bucket. Add half of the water. Place the remaining floorcloths in the bucket and add the rest of the water. The floorcloths are now damp for optimal use.
3. Fit the opening of the Hydra floorcloth over the hooks of the floor squeegee, and then place the floor cleaner on the floor with the squeegee on the floorcloth.
4. Start cleaning, and regularly move the floor squeegee backwards on the floorcloth. Use both sides of the floorcloth.
5. Remove the floorcloth hygienically by pulling a loop to the side, and place the floorcloth in the laundry net.
6. We recommend washing the floorcloths at 60°C with a detergent for coloured fabrics, such as Greenspeed detergent. Lower washing temperatures help protect the environment.

Machine wash, 90 °C

Do not bleach

Tumble dry, low heat (60 °C)

Do not iron

Wash without fabric softener

Hydra Super Microfibre Floorcloth - 54 x 25 cm - grey

TECHNICAL SPECIFICATIONS

Dimensions product (WxHxD) 54 x .2 x 25 cm

Colour: Grey

Weight: ± 68 g

Material: 100% microfibre
